

COVID-19 vaccine

What to expect from your trusted immunizer

Going the extra mile to bring you the best possible care

Walgreens will be hosting COVID-19 vaccine clinics at your facility. Our pharmacists are equipped with specialized COVID-19 expertise and years of immunization experience to provide the highest quality care to you and your loved ones — rest assured, you're in great hands.

Planning vaccine clinics with you in mind

Walgreens is working with your facility to prepare COVID-19 vaccine clinics and make any special accommodations (i.e., room-to-room care) to help you easily get what you need. In addition, we will thoroughly follow the CDC health and safety guidelines for social distancing and protective gear.

Your questions answered

We're committed to providing you with the best care through our expertise, courtesy, and friendliness throughout the Walgreens vaccination experience. Get answers to your questions and stay up-to-date on the latest vaccine insights at [walgreens.com/covidvaccine](https://www.walgreens.com/covidvaccine).
